ERRATUM. In the article "Cubic Mesomorphic Phases" by Balmбра, Clunie and Goodman (*Nature*, 222, 1159; 1969), the most probable space groups (see penultimate paragraph) are numbers 218 (P43n) and 223 (Pm3n) of *International Tables for X-ray Crystallography*, Volume 1 (The Kynoch Press, Birmingham, 1952).

ERRATUM. In the article "Ionospheric Effect caused by Celestial X-rays" by Edwards, Burt and Knox (*Nature*, 222, 1053; 1969), the equation in the sixth paragraph should read:

$$\omega \propto N_e(h)/v(h) = q(h)^{1/2}/(\psi(h)^{1/2} \cdot v(h))$$

In the ninth paragraph, the word "excellent" should be substituted for "reasonable" in "the time lag between ground star rise and the onset time is in reasonable agreement with that expected for Sco-XR-1 acting alone".

ERRATUM. In the article "Amino and Carboxy-terminal Sequences of Ovine Lactogenic Hormone" by Choh Hao Li *et al.* (*Nature*, 222, 1268; 1969), the references in the third paragraph on page 1269 should read 4, 14. The eighth line of the last paragraph should read:

Sabbatical Itinerants

In the hope of providing some practical assistance in the good cause of mobility between laboratories, *Nature* advertises the needs for housing of families about to take up periods of sabbatical leave. To begin with, no charge will be made for advertisements like this. It is hoped that a period of experiment will show what form these advertisements could most usefully take and whether they are effective.
