CORRIGENDUM

Epigenetic changes in the repression and induction of asparagine synthetase in human leukemic cell lines

Y Ding, Z Li and JD Broome

Leukemia (2005) **19**, 1108. doi:10.1038/sj.leu.2403798

Correction to: *Leukemia* (2005) **19**, 420–426.
doi: 10.1038/sj.leu.2403639

It has been identified by the authors that the primer sequences for amplification of human ASY cDNA in quantitative real-time

RT-PCR as given in Materials and methods (quoting reference 12) were incorrect. In all cases, the actual primers used were:

forward 5'-CTT ATA GCT TCA TTG CAC CAT GTG TG-3' and
reverse 5'-ATC TCA CCA TCC ACT TTG GTC TG-3'.

The authors apologize for these errors.
