CORRIGENDUM

Polymorphism in SNAP29 gene promoter region associated with schizophrenia

T Saito, F Guan, DF Papolos, N Rajouria, CSJ Fann and HM Lachman. *Mol Psychiatry* 2001; **6**: 193–201

Since the publication of the above paper, the authors have identified an error. The polymorphism designated –849A→G was erroneously named using the transcrip-

tion start site as the point of reference rather than the translation start site. The correct designation should be –923A→G.
