

COMPANY	PRODUCTS/ACTIVITY	LOCATION	URL
DNA sequencing and analysis			
454 Life Sciences	Automated DNA analysis systems including Genome Sequencer 20 and FLX	Branford, Connecticut	www.454.com
Applied Biosystems	Automated sequencing systems using both Sanger methodology and next-generation SOLiD-based system	Foster City, California	www.appliedbiosystems.com
Beckman Coulter	Automated DNA sequencing systems based on capillary electrophoresis using the Sanger method	Fullerton, California	www.beckmancoulter.com
CLC bio	Developing software platforms for the analysis of next-generation sequencing data sets	Aarhus, Denmark	www.clcbio.com
Cogenics	Contract automated DNA sequencing services using both Sanger-based and next-generation sequencing systems	Morrisville, North Carolina	www.cogenics.com
DNASTAR	Software for DNA sequence and microarray analysis	Madison, Wisconsin	www.dnastar.com
GE Healthcare	Kits for automated DNA sequencing systems	Buckinghamshire, UK	www.gehealthcare.com
Geospiza	Software for management genetic data	Seattle, Washington	www.geospiza.com
Helicos Biosciences	Developing HeliScope Genetic Analyzer based on single-molecule sequencing methodology	Cambridge, Massachusetts	www.helicosbio.com
Illumina	Illumina Genome Analyzer next-generation DNA sequencing system	San Diego, California	www.illumina.com
LI-COR Biosciences	Automated DNA sequencing instrumentation using the Sanger methodology	Lincoln, Nebraska	www.licor.com
MACROGEN USA	DNA sequencing services	Rockville, Maryland	www.macrogenusa.com
Pacific Biosciences	Automated next-generation sequencing instrument	Menlo Park, California	www.pacificbiosciences.com
Promega	<i>fmo</i> /DNA sequencing system for manual DNA sequencing and promoter mapping applications	Madison, Wisconsin	www.promega.com
RainDance Technologies	Microfluidic-based sequence-enrichment technologies	Lexington, Massachusetts	www.raindancetechnologies.com
Roche Applied Sciences	454 Life Sciences Genome Sequencer 20 and FLX systems	Basel, Switzerland	www.roche.com
Saturn Biotech	Full DNA sequencing service provider	Perth, Australia	www.saturnbiotech.com.au
Sequetech	DNA sequencing services	Mountain View, California	www.sequetech.com
SeqWright	Contract automated DNA sequencing services	Houston, Texas	www.seqwright.com
SoftGenetics	Software analysis tools for genetic research, including for ChIP sequencing and microRNA discovery	State College, Pennsylvania	www.softgenetics.com
DNA microarrays			
Affymetrix	Promoter, ENCODE, chromosome arrays; whole-genome tiling arrays	Santa Clara, California	www.affymetrix.com
Agilent Technologies	CpG islands, promoter, ENCODE arrays; custom tiling arrays; DNA methylation microarray software	Santa Clara, California	www.agilent.com
Expression Analysis	Expression profiling and genotyping services	Durham, North Carolina	www.expressionanalysis.com
Jivan Biologics	Microarrays and PCR for alternative splicing analysis	Larkspur, California	www.jivanbio.com
Marligen Biosciences	Transcription factor analysis, SNP genotyping, DNA and RNA purification kits	Ijamsville, Maryland	www.marligen.com
NanoString Technologies	n-Counter digital gene-expression analysis system using barcodes	Seattle, Washington	www.nanostring.com
NimbleGen	Microarrays, software and services	Madison, Wisconsin	www.nimblegen.com
Oxford Gene Technology	Oligonucleotide arrays	Oxford, UK	www.ogt.co.uk
PerkinElmer	Microarray scanners; genomics-analysis software	Waltham, Massachusetts	www.perkinelmer.com
Phalanx Biotech Group	Whole-genome DNA microarray; gene-expression profiling service	Hsinchu, Taiwan	www.phalanxbiotech.com
Genomic services			
Epigenomics	Biomarker discovery services; kits for methylation analysis of biomarker genes; real-time PCR assays	Berlin, Germany	www.epigenomics.com
Geneservice	Genomic and proteomic resources; contract services for DNA sequencing, microarray analysis and SNP genotyping	Cambridge, UK	www.geneservice.co.uk
Genpathway	Whole-genome ChIP sequencing services; ChIP-on-chip assays	San Diego, California	www.genpathway.com
Miltenyi Biotec	Microarray-based genomic services	Bergisch Gladbach, Germany	www.miltenyibiotec.com
Operon Biotechnologies	Oligonucleotide production; preprinted oligonucleotide arrays and probe sets	Huntsville, Alabama	www.operon.com

COMPANY	PRODUCTS/ACTIVITY	LOCATION	URL
QIAGEN	DNA, RNA extraction kits; genotyping; haplotyping	Hilden, Germany	www.qiagen.com
Sequenom	Genomic analysis services including genotyping, gene expression and methylation analysis, and molecular typing	San Diego, California	www.sequenom.com
SwitchGear Genomics	Promoter and UTR libraries; functional microarrays; DNA methylation analysis service	Menlo Park, California	www.switchgeargenomics.com
TeleChem International	Microarray robots, printers and scanners; microarray services	Sunnyvale, California	www.arrayit.com
Vermillion	Biomarker identification for drug discovery	Fremont, California	www.vermillion.com
PCR			
Abgene	PCR and quantitative PCR reagents	Epsom, UK	www.abgene.com
Antarus Biotech	PCR instruments	Huntsville, Alabama	www.antarus.net
Clontech	Variety of molecular biology reagents including PCR products, gene-expression profiling and RNA interference assays	Mountain View, California	www.clontech.com
Corbett Life Science	Real-time PCR cyclers system; other life-sciences instruments	Sydney, Australia	www.corbettlifescience.com
Finnzymes	PCR reagents and thermal cyclers	Espoo, Finland	www.finnzymes.com ●
SABiosciences	Quantitative real-time PCR assays for CHIP analyses; microRNA arrays; protein phosphorylation assays	Frederick, Maryland	www.sabiosciences.com
Sigma-Aldrich	Custom oligonucleotides; DNA sequencing systems; RNA interference reagents	St Louis, Missouri	www.sigmaaldrich.com ●
Stratagene	Quantitative PCR reagents and instruments; microarray reagents; RNA and DNA purification kits	La Jolla, California	www.stratagene.com
TIB Molbiol	Oligonucleotides for PCR, real-time PCR assay development; PCR tests	Berlin, Germany	www.tib-molbiol.com
Zymo Research	Bisulphite-treated DNA amplification; EZ DNA methylation kit	Orange, California	www.zymoresearch.com
General			
ALEXIS Biochemicals	Reagents for molecular- and cell-biology research	Lausanne, Switzerland	www.alexis-corp.com
Attagene	Transcription-factor profiling system; software	Research Triangle Park, North Carolina	www.attagene.com
Cambrex	Molecular- and cell-biology reagents and tools	Charles City, Iowa	www.cambrex.com
Cole-Parmer	Instruments and reagents	Vernon Hills, Illinois	www.coleparmer.com
EMD (Novagen)	Reagents and kits for molecular biology	Madison, Wisconsin	www.emdbiosciences.com
EPICENTRE Biotechnologies	Enzymes for PCR and RT-PCR; DNA and RNA purification and isolation kits	Madison, Wisconsin	www.epibio.com
Evrogen	Enrichment kits for transcriptomic applications; fluorescent-probe development	Moscow, Russia	www.evrogen.com
Fisher Scientific	Research equipment, chemicals and kits	Waltham, Massachusetts	www.fishersci.com ●
Hamilton	Robotics for the life sciences	Reno, Nevada	www.hamiltoncomp.com
Invitrogen	Kits and reagents for molecular-biology, genomics and cell-biology research	Carlsbad, California	www.invitrogen.com
Lonza	Molecular-biology reagents and systems	Basel, Switzerland	www.lonza.com ●
Maxim Biotech	PCR reagents and systems; nucleic-acid isolation; custom services including primer design, sample preparation and library construction	South San Francisco, California	www.maximbio.com
Merck	Chemicals, kits and reagents for molecular and cell biology-related research	Darmstadt, Germany	www.merck.de
MP Biomedicals	Reagents and chemicals for research	Santa Ana, California	www.mpbio.com
New England Biolabs	Molecular biology-related reagents, kits and enzymes	Ipswich, Massachusetts	www.neb.com ●
Takara Bio	Reagents, kits and services for genomics and molecular biology research	Shiga, Japan	www.takara-bio.com ●
USB	Chemicals and reagents for molecular biology	Cleveland, Ohio	www.usbweb.com
