### MSc in Evidence for Public Policy and Practice

Evidence for Policy and Practice Information and Co-ordinating (EPPI)  
 Centre, Social Science Research Unit, Institute of Education, London

This MSc has been designed for graduates and policy-makers, practi-  
 tioners, managers and researchers who want to become more skilled in  
 systematic reviewing and develop a critical understanding of the rela-  
 tionships between research evidence and public policy and practice.

Students will be encouraged to build their studies around their  
 own areas of interest. These could relate to social welfare, education,  
 crime and justice, transport, health and health promotion, housing,  
 or any other area of social policy or practice.

This degree can be completed in one year full-time or over two  
 years part-time. Core course modules are delivered in four full-day  
 sessions, one week apart. These modules can be taken as short courses  
 without accreditation.

For further information please visit our website (<http://eppi.ioe.ac.uk/cms>) and contact Cesar Bazan ([EPPIAdmin@ioe.ac.uk](mailto:EPPIAdmin@ioe.ac.uk)) +44(0)20 7612 6131
