Correction to: *British Journal of Cancer* (2011) 104, 188–192; doi:10.1038/sj.bjc.6605911

Upon publication in early 2011, the authors noticed a small error in the Methods section regarding the ATC codes for genotoxic and non-genotoxic TCA drugs, which may have caused some confusion for readers. The corrected text is presented below:

The list of ATC codes for TCA drugs should read:

‘TCAs (*genotoxic*) (*van Schaik and Graf, 1991, 1993*): desipramine (N06AA01), imipramine (N06AA02), imipramine oxide (N06AA03),

clomipramine (N06AA04), opipramol (N06AA05), trimipramine (N06AA06), doxepine (N06AA12), amoxapine (N06AA17), lofepramine (N06AA07); TCAs (*non-genotoxic*) (*van Schaik and Graf, 1991, 1993*): amitriptyline (N06AA09), nortriptyline (N06AA10), protriptyline (N06AA11), dosulepine (N06AA16)’.
