Correction to: *Bone Marrow Transplant* **45**: S78–S327;
doi:10.1038/bmt.2010.41

Since the publication of this paper, an error has been
identified in abstract P723 located on pages S209–S210

entitled ‘Voriconazole or itraconazole for antifungal
prophylaxis in patients with grade II-IV acute or extensive
chronic graft-versus-host disease’.

The third sentence in the Results section currently reads:
‘Mean time to first report of GvHD was 49.6 for VOR vs
37.6 days for ITR ($P=0.067$).’ However, the sentence
should correctly read:

‘Mean time to first report of GvHD was 127.8 for VOR vs
85.2 days for ITR ($P=0.823$).’

The authors would like to apologize for any confusion
this may have caused.
