CORRIGENDUM

Myeloablative T cell-depleted alloSCT with early sequential prophylactic donor lymphocyte infusion is an efficient and safe post-remission treatment for adult ALL

M Eefting, CJM Halkes, LC de Wreede, CM van Pelt, S Kersting, EWA Marijt, PA von dem Borne, R Willemze, H Veelken and JHF Falkenburg

Bone Marrow Transplantation (2014) **49**, 320; doi:10.1038/bmt.2013.184

Correction to: *Bone Marrow Transplantation* (2014) **49**, 287–291; doi:10.1038/bmt.2013.111; published online 12 August 2013

Since the publication of this article, the authors have noticed that H Veelken name was misspelt. This has now been rectified

and the corrected article appears this issue. The html and pdf versions have also been rectified and now carry the corrected paper.

The authors would like to apologize for any inconvenience caused.
