Retraction to: *Experimental & Molecular Medicine* (2012) **44**, 586–593; doi:10.3858/emm.2012.44.10.067

The following article from *Experimental & Molecular Medicine* has been retracted by agreement between the authors, the journal's Editor-in-Chief and the Korean Society for

Biochemistry and Molecular Biology. The article has been retracted because of concerns about the data represented in Figure 1. When the concerns were presented to the authors, they agreed that they resulted in the integrity of the paper being uncertain and so requested the retraction be enacted.
