

Annual acknowledgement of manuscript reviewers

Eye (2016) 30, 1527–1530; doi:10.1038/eye.2016.262

In this issue, we acknowledge and thank the reviewers who have been active over the past year. We greatly appreciate their tireless and largely unseen work. It is thanks to them that the quality of papers continues to increase. As a small token of gratitude our top ten reviewers are also rewarded with a year's free subscription to Nature.
