

## ANNOUNCEMENTS

### ABMG Certification Examinations

The 2002 certification examinations offered by the American Board of Medical Genetics (ABMG) will be held August 14–15, 2002. Certification examinations will be offered in Clinical Genetics, Clinical Biochemical Genetics, Clinical Cytogenetics, Clinical Molecular Genetics, and PhD Medical Genetics. Application deadline is November 31, 2001. Application forms are available on our website at [www.ABMG.org](http://www.ABMG.org). If you have any questions, contact the ABMG Certification Committee. Please address questions and requests for applications to the ABMG Credential Committee, 9650 Rockville Pike, Bethesda, MD 20814-3998 or to [srobinson@genetics.faseb.org](mailto:srobinson@genetics.faseb.org).

### Subspecialty Certification in Molecular Genetic Pathology

The first joint subspecialty examination in Molecular Genetic Pathology (MGP), in conjunction with the American Board of Pathology, will be offered November 28, 2001, at their computer examination center in Tampa, FL. Application deadline is June 1, 2001. Eligibility requirements can be found on our website at [www.ABMG.org](http://www.ABMG.org). Contact the ABMG for an application. Please address questions and requests for applications to the ABMG Credential Committee, 9650 Rockville Pike, Bethesda, MD 20814-3998 or to [srobinson@genetics.faseb.org](mailto:srobinson@genetics.faseb.org).

## POSITION AVAILABLE

### Director of Molecular Genetics Laboratory

The Genetics Center in southern California (Disneyland area), USA, has an immediate opening for a Director of Molecular Genetics Laboratory. Candidates should have a doctorate degree, have or be eligible for the California Genetics Laboratory Director License, and have significant DNA-based testing experience. The Genetics Center is a comprehensive center with molecular genetic and cytogenetic laboratories, plus genetic counseling and extensive genetic clinics. The Genetics Center is celebrating our fifteenth anniversary and has recently moved into our new building with facilities custom-built for us. We are a CME provider with an active continuing education program. For more information, visit our website at [www.geneticscenter.com](http://www.geneticscenter.com). We offer full benefits, a very pleasant environment, and competitive salaries. Please call and/or send your resume to Robert Meyer, Vice President, Genetics Center, 211 South Main Street, Suite E, Orange, CA 92868, Phone: (714) 288-8520, Fax: (714) 288-8525, Email: [nzadeh@aol.com](mailto:nzadeh@aol.com).
