CORRIGENDUM

Differential effects of high MUFA with high or low P/S ratio (polyunsaturated to saturated fatty acids) on improving hepatic lipolytic enzymes and mediating PPAR γ related with lipoprotein lipase and hormone-sensitive lipase of white adipose tissue in diet-induced obese hamster

F-H Liao, T-H Liou, W-C Chiu, M-J Shieh and Y-W Chien

International Journal of Obesity (2010) **34**, 1666; doi:10.1038/ijo.2010.129

Correction to: *International Journal of Obesity* (2010) **34**, 1608–1617; doi:10.1038/ijo.2010.88; published online 11 May 2010

After the publication of the above article, the authors noticed an error in the paragraph 'Animals and experimental design'. The first sentence should have been:

'A total of 36 male 6-week-old Golden Syrian hamsters were purchased from the National Laboratory Animal Breeding and Research Center.'

The authors would like to apologize for this mistake.
