Since the publication of this paper it has been noticed that there is an error in Table 1.

Table 1 on Page 1164.

Unit for VAT and SAT

Although we reported our unit in cm^2 , the correct unit is cm^3 per 0.6-cm height. Dividing the value by 0.6 gives the number in cm^2 .

These changes do not affect the results or conclusions and the authors apologise for this error.
