

## ERRATUM

# School environment and policies, child eating behavior and overweight/obesity in urban China: the childhood obesity study in China megacities

P Jia, M Li, H Xue, L Lu, F Xu and Y Wang

*International Journal of Obesity* (2017) 41, 1310; doi:10.1038/ijo.2017.125

**Correction to:** *International Journal of Obesity* (2017) 41, 813–819; doi:10.1038/ijo.2017.2

The following paragraph on page 814:

Weight status: Overweight was defined based on the International Obesity Task Force-recommended age- and sex-specific cutoffs corresponding to  $\text{BMI} = 25 \text{ kg m}^{-2}$  at age 18 years.<sup>26</sup> Obesity was defined based on the International Obesity Task Force-recommended age- and sex-specific cutoffs corresponding to  $\text{BMI} = 30.25 \text{ kg m}^{-2}$  at age 18 years.

Should read:

Weight status: Overweight was defined based on the International Obesity Task Force-recommended age- and sex-specific cutoffs corresponding to  $\text{BMI} = 25 \text{ kg m}^{-2}$  at age 18 years.<sup>26</sup> Obesity was defined based on the International Obesity Task Force-recommended age- and sex-specific cutoffs corresponding to  $\text{BMI} = 30 \text{ kg m}^{-2}$  at age 18 years.

The typesetter would like to apologize for their error.
