We would like to extend our heartfelt congratulations to Professor Satoshi Ōmura for being awarded the Nobel Prize in Physiology or Medicine (2015). He served as Editor-in-Chief for *The Journal of Antibiotics* from 2004 to 2013 and continues to support the journal's development as Editor-in-Chief Emeritus. We feel honored to work with him and would like to express our deepest gratitude for his contributions, as always.

2017 is a special year for *The Journal of Antibiotics*, marking its 70th anniversary. As Editor-in-Chief, I will endeavor to maintain the journal's high quality standards, which will only

be possible with the great collaboration of Section Editors, Editorial Board Members, Emeritus Members, Authors, and Reviewers.

Editor-in-Chief wishes to thank all the following Reviewers who provided their generous support by reviewing papers received from October 2015 to August 2016.
