Identification of increased genetic risk scores for schizophrenia in treatment-resistant patients

J Frank, M Lang, SH Witt, J Strohmaier, D Rujescu, S Cichon, F Degenhardt, MM Nöthen, DA Collier, S Ripke, D Naber and M Rietschel

Molecular Psychiatry (2015) **20**, 913; doi:10.1038/mp.2015.52; published online 14 April 2015

Correction to: *Molecular Psychiatry* (2015) **20**, 150–151; doi:10.1038/mp.2014.56; published online 3 June 2014

Following publication of this paper, the authors noticed an error regarding the direction of the association of clozapine response with

polygenic score in the second sentence of the second paragraph in the right column. The corrected sentence appears below.

Furthermore, polygenic risk scores were higher in Cloz⁺ non-responders compared to Cloz⁺ responders ($P=0.06$).
