The effects of molecular noise and size control on variability in the budding yeast cell cycle

Stefano Di Talia, Jan M. Skotheim, James M. Bean, Eric D. Siggia & Frederick R. Cross

Nature 448, 947–951 (2007)

In Fig. 1b of this Letter, the two labels 'S/G2/M' were inadvertently misplaced. The corrected Fig. 1b (in black and white) is shown below.
