Integration of neuronal clones in the radial cortical columns by EphA and ephrin-A signalling

Masaaki Torii, Kazue Hashimoto-Torii, Pat Levitt & Pasko Rakic

Nature 461, 524–528 (2009)

On page 1 of this Letter, *Efna2* was inadvertently listed as *Efna1* when describing the triple knockout mouse (knockout for *Efna2*, *Efna3* and *Efna5*). Also, in the online-only Methods section of this Letter, the triple knockout mouse (*Efna2/a3/a5*) was inadvertently written as *Epha2/a3/a5*.
