

/ANNOUNCEMENTS

Meetings

Apr. 11-12. Cambridge Healthtech Institute meeting on the development of small molecule mimetic drugs. Philadelphia, PA. Tel: 1 617 487 7989. Fax: 1 617 487 7937.

Apr. 11-13. Institute for International Research meeting on designing and implementing pharmacoconomics and quality of life studies. Philadelphia, PA. Tel: 1 212 661 3500. Fax: 1 212 661 6677.

Apr. 19-22. Analytica '94: Analytica conference on analytical methods, biochemical analysis, and diagnostics. Munich, Germany. Tel: 49 89 5107 461. Fax: 49 89 5107 180.

Apr. 25-26. IBC Technical Services meeting on therapeutic advances in immunosuppression. London, U.K. Tel: 44 71 637 4383. Fax: 44 71 631 3214.

Apr. 29-30. American College of Clinical Pharmacology meeting on assessing the pharmacodynamics of CNS-acting medications. Rockville, MD. Info: Susan Ulrich. Tel: 1 315 768 6117. Fax: 1 315 768 6119.

May 5-6. American Management Association meeting on maximizing the efficiency of drug development. Brussels, Belgium. Tel: 32 2 516 19 11. Fax: 32 2 513 71 08.

May 9-11. Pharmaceutical Division of Technomic Publishing meeting on the validation of the pharmaceutical process. Basel, Switzerland. Tel: 41 61 43 52 26. Fax: 41 61 43 52 59.

Courses and workshops

Apr. 28-29. Drug Informa-

tion Association workshop on remote study monitoring and remote data entry. Boston, MA. Tel: 1 215 628 2288 (U.S.)/ 41 61 44 90 19 (Europe).

Apr. 25-29. Emory University School of Medicine course on diagnosing and treating diabetes mellitus and its complications. Atlanta, GA. Tel: 1 404 727 5695. Fax: 1 404 727 5667.

May 9-11. Delft University of Technology and Leiden University workshop on public perception of biotechnology, communication, and company strategy. Hydra, Greece. Info: Dr. L. A. van der Meer-Lerk. Tel: 31 15 785140. Fax: 31 15 782355.

May 11-13. Institute for Applied Pharmaceutical Sciences course on clinical data management in pharmaceutical research and development. East Brunswick, NJ. Tel: 1 908 613 4500. Fax: 1 908 238 9113.

Apr. 23-28. American Association for Clinical Chemistry course on professional practice in clinical chemistry. Santa Monica, CA. Info: Claire House. Tel: 1 800 892 1400/ 1 202 857 0717.

May 3-4. Biotechnology Training Programs workshop on quantitative RNA-PCR. Houston, TX. Info: Susannah Chance. Tel: 1 800 821 4861/ 1 603 659 4709.

Apr. 26-27. University of Wisconsin-Madison, College of Engineering, course on the basics of mixing, "Consistent Mixing: The Key to Uniform Quality." Madison, WI. Info: Elaine M. Bower. Tel: 1 800 462 0876/ 1 608 262 8708.

Apr. 18-22. Loughborough

University of Technology course on gas liquid chromatography. Loughborough, U.K. Info: S. J. Maddison. Tel: 509 222575. Fax: 509 233163.

Executive changes

Activated Cell Therapy (Mountain View, CA) appointed Russel D. Hays president and chief executive officer.

Agis Pharmaceuticals (Houston, TX) appointed David J. Drutz president and chief executive officer.

Amersham International (Little Chalfont, U.K.) appointed Peter Knox director of healthcare research and development.

Applied Immune Sciences (Menlo Park, CA) appointed James G. Smith president.

Arris Pharmaceutical (S. San Francisco, CA) appointed John P. Cunningham vice president of human resources.

Biosurface Technology (Cambridge, MA) appointed E. George Thorn vice president of medical affairs.

Cephalon (West Chester, PA) appointed Bruce Peacock chief operating officer.

Cytogen (Princeton, NJ) named Bruce R. Ross to its board of directors.

Cytotherapeutics (Providence, RI) named Daniel R. Omstead senior vice president of research and development.

GenPharm (Mountain View, CA) named Carl C. Peck to its board of directors.

Glaxo (London, U.K.) named Robert Ingram president and

chief operating officer.

Hauser Chemical Research (Boulder, CO) named Robert F. Saydah to its board of directors.

Hemosol (Toronto, Canada) appointed Anthony A. Magnin senior vice president.

Jenner Technologies (Danville, CA) named Jack L. Bowman to its board of directors.

Medarex (Princeton, NJ) named Julius A. Vida to its board of directors.

National Research Council (Washington, D.C.) named Susan Tuner-Lowe director of the office of news and public information.

Neocrin (Irvine, CA) appointed David Scharp chief scientific officer.

Neoprobe (Columbus, OH) appointed J. Kenneth Poggenburg vice president of operations.

Oxford Glycosystems (Abingdon, U.K.) named Christopher Edge senior scientist.

Princeton Diagnostic Laboratories (Princeton, NJ) named Stuart Bogema vice president of laboratory affairs.

The Liposome Company (Princeton, NJ) named Bengt Samuelsson to its board of directors.

University of Texas (Galveston, TX) named Samuel Baron associate dean for research development and planning.

Vertex Pharmaceuticals (Boston, MA) appointed Richard Aldrich senior vice president.
