

Correction

In the Commentary 'No pause in the increase of hot temperature extremes' (*Nature Climate Change* **4**, 161–163; 2014) references 12 and 18 were incorrect, and should have appeared as:

12. IPCC, 2012: *Managing the Risks of Extreme Events and Disasters to Advance Climate Change Adaptation* (eds Field, C. B. *et al.*) (Cambridge Univ. Press, 2012).

18. Seneviratne, S. I. *et al.* in IPCC, 2012: *Managing the Risks of Extreme Events and Disasters to Advance Climate Change Adaptation* (eds Field C. B. *et al.*) 109–230 (IPCC, Cambridge Univ. Press, 2012).

These have now been corrected in the HTML and PDF versions after print 25 March 2014.
