Figures 1 and 6 of this Article contain errors that were introduced during the production process. In Fig. 1, the reaction conditions required to convert **1** to **7d**, **2e** to **9c** and **1d** to **10d** should be described by (i) and not (iv). In Fig. 6, the arrow representing the monomer fragment of 448 Da is pointing to the wrong dashed spectral line. The corrected versions of Figs 1 and 6 are shown below as Figs 1 and 2, respectively.
