In the original version of Supplementary Data 1 associated with this Article, the FastPeakFind.m function was incorrectly attributed to the authors in the function's header. This function is Copyright © 2012 Adi Natan, Stanford University (natan@stanford.edu). The HTML version of the Article has been updated to include a revised Supplementary Data 1 with the correct attribution.

In the Supplementary Information file, there are errors in the labelling of the x axis in Supplementary Fig. 11. The x axis label should be 'Extrusion Membrane Pore Diameter (nm)' and the labels 'SUV', 'WT' and 'E46K/K80E' should be '50', '70' and '100', respectively. The correct version of this figure appears as Fig. 1 below.
