Typographical errors were inadvertently introduced into equations (3)–(6) during the production process, such that the term T , representing temperature, is missing from the denominator of some exponents. These errors do not affect the analysis of results presented in the paper. The correct equations follow.

$$n = N_c e^{\frac{E_{Fn} - E_c}{k_B T}} = n_0 e^{-\frac{qV_n}{k_B T}} \quad (3)$$

$$p = N_v e^{\frac{E_v - E_{Fp}}{k_B T}} = p_0 e^{-\frac{qV_p}{k_B T}} \quad (4)$$

$$j_{m/QD}^n = j_{rec,n}^s \left(e^{(\beta_n - 1) \frac{E_{Fm} - E_{Fn}}{k_B T}} - e^{\beta_n \frac{E_{Fm} - E_{Fn}}{k_B T}} \right) \quad (5)$$

$$j_{m/QD}^p = j_{rec,p}^s \left(e^{\beta_p \frac{E_{Fp} - E_{Fm}}{k_B T}} - e^{(\beta_p - 1) \frac{E_{Fp} - E_{Fm}}{k_B T}} \right) \quad (6)$$
