In the version of this article initially published, the legends for **Figures 3c** and **5b** fail to indicate that portions of these are the same experiments as in **Figures 3b** and **5a**, respectively. The correct legends state “Binding with or without CpG-A is from the same experiment as in **b**” (for **Fig. 3c**) and “Data for PL2-3 in the presence of supernatant alone (bold lines) as detected by anti-IgG2a (left, **a,b**) and by anti-HMGB1 (right, **a,b**) are from the same experiment” (for **Fig. 5b**). Also, error bars are missing from **Figure 3c**. The errors have been corrected in the HTML and PDF versions of the article.
