Erratum: LEF-1 is crucial for neutrophil granulocytopoiesis and its expression is severely reduced in congenital neutropenia

Julia Skokowa, Gunnar Cario, Murat Uenal, Axel Schambach, Manuela Germeshausen, Karin Battmer, Cornelia Zeidler, Ulrich Lehmann, Matthias Eder, Christopher Baum, Rudolf Grosschedl, Martin Stanulla, Michaela Scherr & Karl Welte
Nature Medicine 12, 1191–1197 (2006); published online 24 September 2006; corrected after print 19 October 2006.

In the version of this article initially published, the DOI was incorrect. The correct DOI is 10.1038/nm1474. The error has been corrected in the HTML and PDF versions of the article.

Corrigendum: Upregulation of PD-1 expression on HIV-specific CD8⁺ T cells leads to reversible immune dysfunction

L Trautmann, L Janbazian, N Chomont, E A Said, S Gimmig, B Bessette, M-R Boulassel, E Delwart, H Sepulveda, R S Balderas, J-P Routy, E K Haddad & R-P Sekaly
Nature Medicine 12, 1198–1202 (2006); published online 20 August, corrected after print 4 October 2006

In the version of the article initially published, the key in **Figure 4a,b** identifying the bars in the histograms is incorrect. The white bar should be identified as peptide and the black bar should be identified as peptide + anti-PD-L1. The error has been corrected in the HTML and PDF versions of the article.
