Tuning the magnetic coupling across ultrathin antiferromagnetic films by controlling atomic-scale roughness

W. KUCH, L. I. CHELARU, F. OFFI, J. WANG, M. KOTSUGI AND J. KIRSCHNER

*Nature Materials* 5, 128–133 (2006).

In this article, a printing problem caused the top section of the left-hand panel in Fig. 5a to appear partly black, whereas it should have been all blue, as in the right-hand panel.
