

## Ferroelectricity near room temperature in co-crystals of nonpolar organic molecules

SACHIO HORIUCHI, FUMIYUKI ISHII, REIJI KUMAI, YOICHI OKIMOTO, HIROAKI TACHIBANA, NAOTO NAGAOSA, AND YOSHINORI TOKURA

*Nature Materials* 4, 163–166 (2005)

The authors wish to correct the inset of Fig. 2a of this letter, where they had labelled the crystallographic axes incorrectly for the direction of applied electric field. The corrected Fig. 2a is shown below. This does not alter the interpretation of the data presented.
