## Human anterior cingulate neurons and the integration of monetary reward with motor responses

Ziv M Williams, George Bush, Scott L Rauch, G Rees Cosgrove & Emad N Eskandar

*Nat. Neurosci.* 7, 1370–1375 (2004)

A reference was deleted from this paper during the production process. It should have read as follows:

17. Botvinick, M., Nystrom, L.E., Fissell, K., Carter, C.S. & Cohen, J.D. Conflict monitoring versus selection-for-action in anterior cingulate cortex. *Nature* 402, 179–181 (1999).

In addition, through a typographical error, a quotation mark was omitted from the last sentence of the legend for Table 1. The correct version should read: Cumulative total from the “Reduced reward only” and the “Both reduced reward & double arrow” categories represents all cells with significant response to reduced-reward trials.

The affiliation given for Sylvie Duval was incorrect. The paper should have stated her affiliations as follows: Institut des Sciences Cognitives, CNRS, 67 Boulevard Pinel, 69675 Bron, France, and Department of Neuromotor Physiology, IRCCS- Fondazione Santa Lucia, Via Ardeatina 306, 00179 Roma, Italy. The authors regret the error.
