We are submitting an erratum for our published article 'The antiepileptic drug levetiracetam improves auditory gating in DBA/2 mice'. In the article abstract, the phrase 'Low-dose LEV

may improve P20-N40 gating in the DBA/2 mouse model of schizophrenia' appears twice. The abstract should read:

'...No other doses significantly affected gating. Low doses of LEV may improve P20-N40 gating in the DBA/2 mouse model of schizophrenia and warrant further investigation in the illness.'
