Neuropsychopharmacology (2018) **43**, 925; doi:10.1038/npp.2017.261

Correction to: *Neuropsychopharmacology* (2017) **42**, 1630–1639; doi:10.1038/npp.2017.48; published online 29 March 2017

Following publication, the authors reported that the data in Table 2 (page 1634) and the upper limit of the color scale in Figure 2 (page 1635) should be multiplied by 5. All other results/statistics and conclusions are unchanged.
