

## CORRIGENDUM

**Acute lymphoblastic leukaemia: a model for the pharmacogenomics of cancer therapy**

*Meyling H. Cheok and William E. Evans*  
*Nature Rev. Cancer* **6**, 117–129 (2006).

Figures 2 and 3 on pages 121 and 122 incorrectly state that they were modified with permission from the authors' previous publication REF. 116. Figures 2 and 3 were actually modified with permission from the authors' previous publication REF. 36.

**ONLINE CORRESPONDENCE** 

*Nature Reviews Cancer* publishes items of correspondence online. Such contributions are published at the discretion of the Editors and can be subject to peer review. Correspondence should be no longer than 500 words with up to 15 references and should represent a scholarly attempt to comment on a specific Review or Perspective article that has been published in the journal. To view the correspondence, please go to our homepage at: <http://www.nature.com/reviews/cancer> and follow the link from the Review article by Minucci and Pelicci.

The following correspondence has recently been published:

**HIF1 $\alpha$  and ARD1: enemies, friends or neither?**

*Thomas Arnesen*

This correspondence relates to the article:

**Histone deacetylase inhibitors and the promise of epigenetic (and more) treatments for cancer**

*Saverio Minucci and Pier Guiseppe Pelicci*

*Nature Rev. Cancer* **6**, 38–51 (2006)
