CORRIGENDUM

High throughput insertional mutagenesis screens in mice to identify oncogenic networks

Jaap Kool & Anton Berns

Nature Reviews Cancer **9**, 389–399 (2009)

On page 398 of this article, the highlighted description for reference 12 should instead be attributed to reference 11: An elegant study in which a hypomorphic *Blm* allele is used to induce LOH of retrovirally inactivated tumour suppressor genes. On page 399, the highlighted description for reference 54 should instead be attributed to reference 56: These authors demonstrate that insertional mutagenesis can be used to screen for genes that confer resistance to therapeutic agents *in vivo*.
