CORRIGENDUM

## Pushing the limits of targeted therapy in chronic myeloid leukaemia

*Thomas O'Hare, Matthew S. Zabriskie, Anna M. Eiring and Michael W. Deininger*

*Nature Reviews Cancer* **12**, 513–526 (2012)

On page 521 of this article, the passage discussing  $\beta$ -catenin as a regulator of gene expression in chronic myeloid leukaemia should have cited the following article alongside reference 118: Radich, J. P. *et al.* Gene expression changes associated with progression and response in chronic myeloid leukemia. *Proc. Natl Acad. Sci. USA* **103**, 2794–2799 (2006). This has now been amended on both the html and pdf versions and added as reference 168.
