MicroRNA-mediated mechanisms of the cellular stress response in atherosclerosis

Andreas Schober, Maliheh Nazari-Jahantigh and Christian Weber

Nature Reviews Cardiology **12**, 361–374 (2015)

In the version of this article initially published online and in print, the mechanisms by which microRNA-146a modulates post-transcriptional proinflammatory pathways were incorrectly described on page 368. The error has been corrected for the print, HTML, and PDF versions of the article.
