
ADDENDUM

Stem cell therapy in postinfarction chronic coronary heart disease

Michael Brehm and Bodo E. Strauer

Nat. Clin. Pract. Cardiovasc. Med. 3 (Suppl. 1), S101–S104 (2006)

This article was published as a report from a presentation at the Second International Symposium on Gene and Stem Cell Therapy for Heart Failure and Other Cardiovascular Diseases held in April 2005 in Valladolid, Spain. It has been published in part elsewhere: Strauer, B. E. *et al.* Regeneration of human infarcted heart muscle by intracoronary autologous bone marrow cell transplantation in chronic coronary artery disease: the IACT study. *J. Am. Coll. Cardiol.* 46, 1651–1658 (2005). This publication was cited in the *Nat. Clin. Pract. Cardiovasc. Med.* article.
