**ERRATUM****Osteocytic signalling pathways as therapeutic targets for bone fragility***Lilian I. Plotkin & Teresita Bellido**Nature Reviews Endocrinology* doi:[10.1038/nrendo.2016.71](https://doi.org/10.1038/nrendo.2016.71)

In Figure 4 of the above article published online 27 May 2016, the label at the bottom of the right side of the figure should have read: Osteoblast generation/survival and bone formation/mineralization. This has been corrected in the online versions of the article. We apologize for this error.
