

THE COMPLEX INTERPLAY AMONG FACTORS THAT INFLUENCE ALLELIC ASSOCIATION

Krina T. Zondervan and Lon R. Cardon

Nature Reviews Genetics 5, 89–100 (2004); doi:10.1038/nrg1270

In Figure 1, the axes of the two top panels were incorrectly labelled. The corrected version is shown below.

This correction has been made to the online enhanced text and PDF version of this review.
