
CORRIGENDUM

Mechanisms of trinucleotide repeat instability during human development

Cynthia T. McMurray

Nature Reviews Genetics **11**, 786–799 (2010)

In Table 1 in the above article, there was a mistake on the row starting with DM1 (myotonic dystrophy type 1). The 'Repeat number (disease)' column incorrectly stated <50, when it should have stated >50. The author apologizes for the error.
