CORRIGENDUM

RNA-directed DNA methylation: an epigenetic pathway of increasing complexity

Marjori A. Matzke and Rebecca A. Mosher

Nature Reviews Genetics 15, 394–408 (2014)

In this article, on page 394 and in the footnote of Table 1 (page 397) the sequence contexts of DNA methylation were incorrectly defined. For CHG and CHH sequences, H represents A, C or T (not A, T or G as originally written). The article has been corrected online. The authors and editors apologize for these errors.
