CORRECTION

TOR SIGNALLING IN BUGS, BRAIN AND BRAWN

Estela Jacinto and Michael N. Hall

Nature Rev. Mol. Cell Biol. **4**, 117–126 (2003)

The authors would like to make the following correction to their article:

On page 120, right column, the sentence that reads ‘However, there is one conflicting report which suggests that mTOR regulates S6K1 and 4E-BP independently of mTOR⁶².’ should read as follows:

‘However, there is one conflicting report that suggests that the TSC complex regulates S6K1 independently of mTOR⁶².’

The online versions of this article have been corrected.
