A day in the life of the spliceosome

A. Gregory Matera and Zefeng Wang

Nature Reviews Molecular Cell Biology **15**, 108–122 (2014)

In table 1 (page 116) of the above article, the secondary structure of the snRNAs (small nuclear RNAs) for the U4–U6 di-snRNP (small nuclear ribonucleoprotein) was incorrect. This has now been rectified in the online version of the article. *Nature Reviews Molecular Cell Biology* apologizes for any confusion caused to readers.
