CORRIGENDUM

Weeding out bad waves: towards selective cannabinoid circuit control in epilepsy

Ivan Soltesz, Bradley E. Alger, Masanobu Kano, Sang-Hun Lee, David M. Lovinger, Takako Ohno-Shosaku and Masahiko Watanabe

Nature Reviews Neuroscience **16**, 264–277 (2015)

In Box 2 of this article, the sentence “In FXS, a polyglutamine (CGG) expansion in the nuclear fragile X mental retardation 1 (*Fmr1*) gene results in its methylation and silencing which lead to loss of the protein encoded by *FMR1*, FMRP.” should have read “In FXS, a trinucleotide (CGG) expansion in the nuclear fragile X mental retardation 1 (*FMR1*) gene results in its methylation and silencing, which lead to loss of the protein encoded by this gene, FMRP.” The article has been corrected online.
