A systemic view of Alzheimer disease — insights from amyloid- β metabolism beyond the brain

Jun Wang, Ben J. Gu, Colin L. Masters & Yan-Jiang Wang

Nature Reviews Neurology 13, 612–623 (2017)

In the version of this article originally published online, Figure 1 incorrectly labelled the main A β molecule in the peripheral pool as A β 42 instead of A β 40. This error has been corrected in the HTML and PDF versions of the article.

Additionally, in the printed version of this article, the 'published online' date was given as 28 September 2017. However, because of a technical problem, the article was actually published online on 29 September 2017. This is correct in the HTML and PDF versions of the article.
