Osteoporosis impact on health and economics

Harvey, N., Dennison, E. & Cooper, C.

Harvey, N. et al. *Nat. Rev. Rheumatol.* 6, 99–105 (2010); doi:10.1038/nrrheum.2009.260

In the Review article by Harvey et al. published in the February 2010 issue of *Nature Reviews Rheumatology*, the labels for the key in Figure 3 were inverted. Expected survival after osteoporotic fracture should be depicted by the solid line and observed survival by the dotted line.
