

## CORRIGENDUM

### Pharmacogenetics: implications for therapy in rheumatic diseases

Lesley Davila & Prabha Ranganathan

*Nat. Rev. Rheumatol.* **7**, 537–550 (2011); doi:10.1038/nrrheum.2011.117

There are two errors in Table 5 on page 546 of this article. The reported clinical effects of variant –308 G>A from Seitz *et al.* (2007) and Cuchacovich *et al.* (2006) should both read 'Associated with decreased efficacy' not 'Associated with increased efficacy' as originally printed. The error has been corrected for the HTML and PDF versions of the article.
