## Announcement

### Charles E. Culpeper Foundation Scholarships in Medical Science

The Charles E. Culpeper Foundation is currently accepting applications for its 1990 Scholarships in Medical Science Program designed to support the career development of academic physicians.

Up to three awards of \$100,000/y for 3 y will be made to United States medical schools on behalf of candidates who are U.S. citizens, who have received the M.D. degree from a U.S. medical school in 1981 or later, and who are judged worthy of support by virtue of the quality of their research proposals. All scientific research relevant to human health is eligible for consideration. No institution may nominate more than one candidate.

In selecting awardees, emphasis will be on identifying young physicians with clear potential for making substantial contributions to science as academic physicians. Since January 1988, six physicians have been selected as Charles E. Culpeper Foundation Medical Scholars, three each in the years 1988 and 1989.

Deadline for applications is August 15, 1989. Awards will be announced by January 15, 1990, for activation on or about July 1, 1990. Application forms and instructions may be obtained by contacting the Charles E. Culpeper Foundation, 866 United Nations Plaza, New York, NY 10017.
