Errata

In the article, "Plasminogen Activator Inhibitor-1 and Tissue-Plasminogen Activator in Minority Adolescents with Type 2 Diabetes and Obesity," by Vatcharapan Umpaichitra, et al., *Pediatric Research* 2005: 58:483–487, the following changes were not made to the article. The editors regret the error.

1. Author affiliations should read:

Department of Pediatrics [V.U.], The Brookdale University Hospital and Medical Center, Brooklyn, NY 11212; Department of Anatomy and Cell Biology [M.M.H.], Department of Pediatrics [S.C.], State University of New York Health Science Center at Brooklyn (SUNY Downstate), Brooklyn, NY 11203

- 2. In the Abstract, the sentence beginning "PAI-1 activities were significantly . . ." should read: PAI-1 activities were significantly greater in patients than in control subjects [fasting, 23.4 ± 2.6 versus 12.9 ± 2.0 U/mL (p < 0.004); AUC, 101.7 ± 12.1 versus 57.6 ± 6.5 U·h·mL⁻¹ (p < 0.003)].
- 3. In the section "Fat-loading tests and measurements," the line beginning "(0.05 vol or 20% . . ." should read: (0.05 vol or 20% acetic acid: 1 vol of plasma) to acidify the plasma.

In the same section, the sentence beginning "Immunologic marker determinations" should read: Immunologic marker determinations (glutamic acid decarboxylase antibodies, islet cell autoantibodies, and insulin autoantibodies) were determined by RIA in the patients with diabetes and were all negative.

- 4. In the section "Postprandial state," the sentence beginning Total cholesterol, . . . should read: Total cholesterol, HDL cholesterol, and LDL cholesterol AUCs did not differ between the two groups [28.5 \pm 2.1 *versus* 25.9 \pm 1.2 mmol·h·L⁻¹ (p = NS); 6.0 \pm 0.3 *versus* 7.1 \pm 0.4 mmol·h·L⁻¹ (p = NS); 16.9 \pm 2.0 *versus* 14.8 \pm 1.4 mmol·h·L⁻¹ (p = NS), respectively).
- 5. In the Figure 1 legend, all of the h⁻¹ should be h.

In the article, "Use of [13C]Bicarbonate for Metabolic Studies in Preterm Infants: Intragastric versus Intravenous administration," by Maaike A. Riedijk, et al., *Pediatric Research* 2005; 58:861–864, the equation on page 862 should read:

Estimated body CO_2 production = [(IE infusate/IE breath)-1] × tracer infusion rate × 1000

In the article, "Infants with Intrauterine Growth Restriction Have Impaired Formation of Docosahexaenoic Acid in Early Neonatal Life: A Stable Isotope Study," by Adolfo Llanos, et al., *Pediatric Research* 2005; 58:735–740, an author's name is spelled incorrectly. The correct name is Yuhong Lin.
