<https://doi.org/10.1038/s41388-018-0435-5>

In the original version of this article the authors noted that they accidentally misplaced data belonging to Figure 2h (migration of TMG treatment group) into Fig. 5h (migration

of miR-101 inhibitor transfection group) when re-editing the figure to meet the format and the image resolution of the journal. The amended version of Fig. 5h is provided below. This change does not affect the results or conclusions reported in the manuscript.
