Following the publication of this article the authors noted errors in the following supplementary files:

- Supplementary Fig. 4 - the representative figures of MKN45 transwell results and HE image for in situ hybridization of miR-301a-3p were falsely placed. The corrected figure is presented below.

- Supplementary Fig. 6 - the HIF-1 α IHC for GC without peritoneal metastasis (sample #1) was falsely placed. The corrected figure is presented below.

The corrected figures do not affect the results and scientific conclusions of this article.

The original article has been corrected.
