Correction to: *Oncogene* <https://doi.org/10.1038/s41388-018-0590-8>, published online 07 December 2018

Following the publication of this article, the authors noted an error in Fig. 6b. The upper part of the panel was inadvertently inverted. The corrected image is provided below.

In addition, a sentence on page 2412 has been corrected from 'Consistently, pimozone decreased the levels of ubiquitinated KPNA2 protein and promoted its destabilization (Fig. 6b).' to 'Consistently, pimozone increased the levels of ubiquitinated KPNA2 protein and promoted its destabilization (Fig. 6b).'

The authors confirm these corrections do not alter the conclusions of the paper.
